

25.61.00 TREATMENT AND COATING OF METALS

- coating, anodizing etc. of metals
- heat treatment of metals
- deburring, sandblasting, tumbling, metal cleaning
- coloring, engraving and printing on metals different than those made by printing works
- non-metallic coating of metals: plasticizing, enameling, lacquering etc.
- hardening, polishing of metals
- elettrovellutazione of metals
- industrial paintwork of metals

41.20.00 CONSTRUCTION OF RESIDENTIAL AND NON RESIDENTIAL BUILDINGS

- construction of all types of residential buildings: single-family homes, multi-family homes, including multi-storey buildings
- construction of all types of non-residential buildings: industrial buildings (i.e. factories, workshops, warehouses), hospitals, schools, offices, hotels, shops, shopping malls, restaurants, airports, indoor sports facilities, covered parking lots, including underground car parks, depots and religious buildings
- assembling of prefabricated structures on site
- reconstruction and renovation of existing housing facilities, including restoration work on historic and monumental buildings

42.11.00 CONSTRUCTION OF ROADS, HIGHWAYS AND AIRPORT RUNWAYS

- construction of highways, roads and other passages for vehicles and sidewalks
- surface works for roads, highways, bridges or tunnels: road pavements, stone flooring, porphyry laying, horizontal painting of road signs, installation of safety barriers, non-lit street signs etc.
- construction of airfield runways

42.21.00 CONSTRUCTION OF PUBLIC TRANSPORT WORKS

- construction of civil engineering works for urban pipelines and for long distances via land or underwater, water networks and pipelines, irrigation systems (canals), tanks
- construction of: sewerage systems, including repair, wastewater systems, pumping stations
- drilling of water wells
- construction of facilities for wastewater plants

43.11.00 DEMOLITION

- demolition or dismantling of buildings and other structures

43.12.00 PREPARATION OF BUILDING SITE AND TERRAIN

- clearing of construction sites
- earth moving: excavating, supplying, leveling and bulldozing of construction sites, digging ditches, removal of rock material, use of explosives for demolition etc.
- preparation of sites through mineral extraction: removal of excavation residue materials and other preparatory and fitting-out work on the terrain and mining sites (excluding those intended for extracting oil and gas)
- drainage of construction site
- drainage of agricultural and forest land
- preparation of rice fields
- waterproofing of land
- preparation of ski slope
- archeological digs

43.29.02 THERMAL, ACOUSTIC INSULATION AND ANTIVIBRATION WORKS

- installation in buildings or in other facilities of: insulating materials for thermal, acoustic insulation or anti-vibration works

43.31.00 PLASTERING AND GROUTING

- plastering and grouting works on buildings (internal and external) or on other facilities, including use of relative grouting materials

43.32.02 INSTALLATION OF FIXTURES, FURNISHINGS, FALSE CEILINGS, MOBILE WALLS ETC.

- installation of doors (excluding automatic and revolving doors and automatic gates), windows, door and window frames in wood or other materials
- installation of custom kitchens, stairs, furnishings for shops etc.
- completions of interiors such as counter-tops, mobile walls and so on

43.33.00 FLOOR AND WALL COVERING

- installing and applying in buildings or other facilities of: ceramic tiles, concrete or stone for walls or floors, accessories for ceramic stoves, parquet and other wood floor and wall coverings, carpets and linoleum coverings, rubber or plastic floor coverings, venetian blinds, marble, granite or slate for floors or walls, wallpaper
- applying ornamental stucco
- floor treatment: sandblasting, polishing, smoothing etc.
- installing continuous floors in resin, cement etc.

43.34.00 TINTING AND INSTALLATION OF WINDOWS

- indoor and outdoor tinting of buildings
- painting of civil engineering structures
- painting of fixtures already installed
- installation of windows, mirrors, glass film etc.

43.39.01 NON-SPECIALIZED WORK (CONSTRUCTION WORK)

- small construction works on cemeteries

43.91.00 COVERING WORK

- construction of roofs
- covering of roofs
- installation of gutters and drainpipes

43.99.01 STEAM CLEANING, SANDBLASTING AND SIMILAR WORK ON EXTERNAL BUILDING WALLS

43.99.09 OTHER SPECIALIZED CONSTRUCTION WORK

- construction work by specialized companies in common areas of various types of construction work, requiring special skills or special equipment: foundation works, including laying poles, insulation and waterproofing works, dehumidification of buildings, digging ventilation wells, installation of non-manufactured steel elements, bending of steel on site, laying of bricks and stones, assembly and dismantling of scaffolding and work platforms (including rental), construction of chimneys and industrial furnaces
- specialized access work requiring climber skills and the use of appropriate equipment, i.e. high-rise work on high structures
- underground works by specialized companies
- construction of swimming pools
- installation of urban furniture items

81.22.02 OTHER SPECIALIZED BUILDING CLEANING WORK

- all types of exterior cleaning of buildings including offices, factories, shops, public offices and other commercial and professional structures as well as condominiums
- specialized cleaning of buildings, carried out by companies with special abilities and equipment such as cleaning windows, fireplaces, furnaces, incinerators, boilers, ventilation ducts and smoke evacuation devices
- cleaning of industrial machinery
- other cleaning services of buildings and of plants and industrial machinery
